Wilmarie – the MOA is circulating here. There have been some minor edits eg Changing 41 CFR Part 2 to Part 22.

Another question - the president signed the MOA that we discussed because I submitted to her before we talked and you mentioned me that the Regional Director need it to see it before. If there is any changes to the document I will print it again and get her signature again. Please advice if you want me to include that MOA that she signed in the package or if I should wait and not include the MOA.  
Thanks
